Food. It’s nourishment for our bodies. It’s how we connect. And it’s how we show our friends, families and neighbors that we care. And yet, sometimes money falls short and food feels beyond our reach. That’s why we have SNAP—the Supplemental Nutrition Assistance Program—a national, public program with major local impact.

SNAP offers a way for our neighbors to keep food on the table when times are tough.

SNAP helps...

- Prevent hunger
- Boost local businesses
- Lift people out of poverty
- Keep food on the table when recovering from natural disasters
- Move fresh food from farmers to kitchens

By the Numbers:

- For every meal provided by a food bank, SNAP provides nine.
- 90% of people surveyed feel that anyone could need SNAP at some point.
- 2 out of 3 people who receive SNAP are kids, seniors or individuals living with disabilities.
- Every dollar spent on SNAP benefits in a weakened economy generates $1.50 to $1.80 in total economic activity.

SNAP Feeds Our Community
